ABOUT SOARING HIGH

Founded in 2004, Soaring High Inc is committed to providing its customers from the Aviation and Engineering industries, with OEM parts at competitive prices. We help our customers in sourcing hard to find parts, Raw Materials & Equipment during the critical situations, especially when an aircraft is grounded (AOG) or there are work stoppages. We offer high performance hardware, consumables and equipment for the aerospace, airline and engineering industries of the Southeast Asia and the Middle East Regions. We have partnered with world renowned OEMs, Stocking Distributors, and authorized MRO Centres to provide a wide range of products and maintenance services.
